

MEDIA RELEASE

Kennerlys a finalist in prestigious BRW 2013 Client Choice Awards

Exceptional client service makes Kennerlys one of the best accounting firms

Perth, 5 February, 2013— Kennerlys, a dedicated provider of taxation, superannuation and Enterprise Development Services, announced that it is a finalist in the *Business Review Weekly* (BRW) 2013 Client Choice Awards, making it one of Australia's top three accounting firms with revenue less than \$50m, as recognised by their clients.

The awards are the result of the largest annual, independent study of clients of professional services firms in the world, conducted by Beaton Research & Consulting for BRW. During the study Kennerlys clients noted, through quantitative feedback, high levels of satisfaction with the firm, cementing Kennerlys as one of three finalists in its category.

“Kennerlys has always been dedicated to providing the absolute best service for its clients, yet to be named as a finalist in the prestigious BRW Client Choice Awards is an honour of the highest level, and one that the entire firm is very proud of,” said Lejo Ouwendyk, Managing Director, Kennerlys.

“This was the first year that we nominated Kennerlys for this Award, and the result shows that we are definitely on the right track with the range of services we provide and our dedication to our clients, however we will never rest on our laurels and will continue to build strong relationships with our clients as we move forward,” Mr Ouwendyk added.

Unlike other professional service awards which are judged by a panel or on the strength of a submission, the BRW Client Choice Awards is based on how a firm performs for its clients, and the results are based directly from client feedback. According to Beaton Research & Consulting, the BRW Client Choice Awards are “the most prestigious awards for professional service firms in Australia” as they are determined by the views of the people who matter most – a firm's clients.

Winners of the 2013 BRW Client Choice Awards will be announced at a gala dinner event in Sydney on 13 March, 2013.
